## Touro University International

Touro College is fully accredited by the Middle States Commission on Higher Education. The Commission has acted to include Touro University International in the scope of Touro College's accreditation .

### Summer 2008 Leadership/Study Program

College students who have completed their freshman year in good standing at accredited colleges are eligible to enter the specialized four elective credit TUI Leadership/Study Program offered at selected camps who have Certified Camp Safety Directors or students who have completed two courses.

### Gene Ezersky Camp Safety College

The Gene Ezersky Camp Safety College founded by Henry M. Skier was created as a specialized safety program offering course work to promote and enhance safe summer camp environments. Now in its ninth academic year, with original affiliation with Mercy College in New York State and present affiliation with TUI, the college has graduated its eighth class of Certified Camp Safety Directors. Students in the Safety College are instructed by at least Master's Degree level instructors, many of whom are adjuncts at accredited colleges and universities throughout the United States. The curriculum focus is on the following seven areas of instruction:

⇒

## College Curriculum for Certification of Camp Safety Directors

- ◆ Facilities & Grounds Management
- ◆ Transportation & Travel Supervision
- ◆ Emergency Preparation & Management
- ◆ Health & Sanitation
- ◆ Leadership Issues & Recommended Solutions
- ◆ Kitchen & Food Services
- ◆ Latest Activity Programs & Safety Issues

Many Owner/Directors of camps have chosen to obtain this specialized certification primarily because of their concern for the safety of campers and staff. Assistant directors or full time staff with a three to five year commitment to camping have also been accepted for this program. Once certified, Camp Safety Directors become Field Supervisors for the Safety College. Focused on safety as their primary concern at day and residential camp sites, their education and training becomes invaluable assistance to the overall management and strategic planning at camps.

## NOTICE !

### Memo to College Advisors

The college student currently enrolled in your institution will be employed at a summer camp offering the TUI Leadership/Study program for Summer 2008. This student is seeking advanced permission from you for approval of transferable credits at the satisfactory completion of the program as described below:

#### Leadership/Study Requirements

- ◆ Three safety goals are to be established by the student and the Camp Safety Director, which must be approved by the Dean of GECSC
- ◆ Five safety articles from an assigned bibliography of safety magazines/or journals must be read, analyzed, and summarized
- ◆ Attend regularly scheduled supervisory meetings.

- ◆ One three page paper must be completed.  
(Approximately 1000 words)

1. A description of the three original goals and why they were selected.

or

2. A short and long term plan to address the original goals.

or

3. Discuss methods to insure camp safety.
